

A REPORT FROM SUN WEST SCHOOL DIVISION BOARD OF EDUCATION

BOARD HIGHLIGHTS

OCTOBER 2025 EDITION

SEPTEMBER 2025 HAPPENINGS

Trustees actively support numerous educational activities and events. In the picture above on the left, Cathy Morrow (left-Subdivision 7) and Cathy Laventure (right-Subdivision 3) listen to a teacher describing one of the programs highlighted at the iLearn Professional Development Day on August 27. On the above right, the Board wore orange shirts to their September 23 meeting to show their support for the National Day for Truth and Reconciliation. (left to right) Cathy Morrow, Fritz Eckstein, Lindsay Shaw, Karen Blackwell Jones, Michelle Zacharias, Terry Hall, Darryl Seguin (Director of Education), Cathy Laventure, Holly Goddard, and Michele Whitfield.

The Board of Education held a regular meeting on September 23. Highlights included:

- The Facilities, Transportation, and Information Technology Department annual reports were all reviewed.
- The Board received a report on Parent Engagement in Sun West.
- The Board accepted a proposal to participate, throughout 2025-26, in leadership and team building training offered by Franklin Covey Education.
- The Board accepted a proposal to deliver content traditionally offered at the online Public Meeting to instead be provided through a series of short videos with one offered each month.

TRUSTEES ARE PART OF YOUR COMMUNITY

Trustees regularly attend school and community events in their subdivisions. On September 19, Subdivision 5 Trustee Terry Hall attended "Planting New Roots Together," a tree-planting event held by the Elrose Composite School Community Council (SCC). All K-12 students along with community members planted 57 trees provided by Tree Canada. In the picture on the above left, Terry (right) and Superintendent Kim Fick pose with gifts from the Elrose students; in the above centre, Terry works with her student team to plant a tree; and in the above right, Terry and her student team pose with their fully planted tree. The students and community members worked all morning and then were rewarded by a barbeque lunch sponsored by the SCC.

Use the QR code to read more and watch a video about the tree planting.
