

Sept. 2018

Rossville School

Welcome Back!

Welcome back Rossville students and parents. As we welcome a new school year please pay special attention to the Student/Parent Handbook enclosed, as there is important information and reminders in there.

We want to hear from you!

We as a staff are always eager to hear from you. We want to encourage open communication lines between you as parents, and us as educators. We look forward to any questions or comments you have for us regarding this wonderful little school and especially your child's education! This year our goal is to work on our writing skills. You can look forward to writing assignments coming home that engage the whole family!

WELCOME

We would like to welcome Miss Taryn Dionne to our school! Taryn is teaching grades K-3. This is her first teaching position and we know we are VERY lucky to have her here at Rossville!

WELCOME

We would also like to welcome our new student Kenzie! Kenzie is joining the Grade 4 class, and we are happy to have such a positive addition to our classroom.

Welcome Back Night

Your SCC is hosting a Taco Supper to welcome you all back to the grind stone.

We will be having it Wednesday, Oct. 17th @ 5:30 pm. After supper we will break off to have a whole school meeting, then you will go to your child's classroom and meet with their teacher. We **STRONGLY ENCOURAGE** you to join us, **LOTS** of important information will be given this night. During the meeting we invite the students for games in the gym.

Family Engagement

This year our staff and SCC will be brainstorming and implementing ways to get our families **directly involved** in their child's learning!

Are you engaged?

What do we mean by engaged?

The kind of engagement we are talking about is where parents and educators come together and discuss ways to help and be **directly involved** in their child's learning. With your help, we want to ensure your child is getting the very best education. We would like to get together with you, the parents, and discuss ways we can **work together** as a team to set goals, expectations, celebrate victories, and encourage our students to “**reach their full potential**”.

In the past, engagement sometimes only meant that the families were here ‘**fundraising**’ and doing the ‘**grunt work**’ to make schools a better place for our students. Now, today, we want to include you in the day to day happenings in your child's education. Communication is the key. Contact us. We will contact you. Let's work together to ensure your children are getting the very

More Thank Yous!!!

3D Steam - shop space

Mr. Gord Wilson- shop space

Coleville Fire Dept.- pulling our float

Thank you to these people for helping us with the parade!!

Halloween Dance

Thursday, Oct 25th

[Thank you!!](#)

A huge thank you to everyone who donated candy for the parade!

Also a special thank you to **Jody's Welding** and **HG Steam** for the snacks!

A special thank you to **Hamel Construction** for your generous donation!!!

We love the support this community gives us! Thank you so much!!!

Important!!

Mrs. Scheible's secretary days are only on days 1,3 and 5. This means that on even days (Kindergarten days 2,4,6) no one is in the office. Also the front doors will be locked. f we miss your phone call, call again. If it is really important please text 306-441-6437. We will answer your text as soon as we can, please keep in mind all of us are working with the students, so we are very busy. It's our priority to make sure our students are taken care of after

Crystal's Corner

Welcome back to school. It is hard to believe that we have been back at school for a month, that it already looks, and some days feels like winter. It is good to be back again this year. We are excited to welcome Taryn Dionne to our staff and look forward to working with her throughout the year.

This year at Rossville, we are coordinating some of our learning time so that students are working on a common theme but doing activities that are guided for their grade level. We are calling this our project time. During this time, we will be covering many of the science, social and health outcomes as well as touching on a few of the English and Art outcomes. This month we are working on communities. Students are learning about different types of communities, what communities need to survive and where communities are built. At the end of the unit, students will be able to create their own community using a variety of materials. I invite parents, grandparents and other community members to come down and check out our project time, which happens from 12:30 to 1:50 daily.

We have had an exciting start to the school year as we have already celebrated Character Day, went to Harris for a motivational presentation, had picture day, and raised money for Terry Fox. We have a number of activities schedule for the upcoming months so stay tuned to our Website <http://www.sunwestsd.ca/>
